 Color ..... Clear  
 Fragrance ..... Characteristic  
 Foaming ..... None to Low  
 Free Rinsing ..... Yes  
 Petroleum Distillates ..... None  
 Phosphates ..... None  
 Viscosity ..... Thin  
 Specific Gravity ..... 0.995  
 pH (undiluted) ..... 7

### Directions

Wear safety equipment recommended on MSDS, read all directions and cautions prior to beginning your work.

Dilute this product 2 oz. per 5.75-7.75 gallons of water (150-200 ppm). Apply to pre-cleaned surface with a cloth, mop, sprayer or by immersion and allow to remain wet for 1 minute. No rinse is required. Allow to drain and dry.

### What the Pros Know

To maintain the proper concentration of sanitizer, it is not necessary to use hot water. Water temperature should be ~ 75° F. Don't forget to change the sanitizer if you can see food particles in the solution!!

## Highly Concentrated

## No Rinse Formula

## Color and Fragrance Free
