

Live Bacteria Digestant Liquido de Bacterias y Enzimas

Technical Data

Description

This concentrated blend of live liquid bacteria and enzymes activates drain lines and grease traps while providing instant odor control. In addition to its bioactive agents, this product contains a high concentration of grease solubilizers, insuring superior performance by allowing faster penetration and liquefaction of waste materials.

- Concentrated Highly Effective
- Non-Toxic Safer to Use
- Versatile Easy to Use
- Instant Odor Control
..... Improves Use Environment
- Activates Drain Lines, ETC.....
..... Reduces Maintenance Costs

Where to Use

- Institutional facilities
- Industrial plants
- Restaurants
- Cafeterias
- Schools
- Day care centers
- Hotels
- Motels
- Office buildings
- Hospitals
- Nursing homes
- Kennels
- Public restrooms
- Theaters

Directions

Wear safety equipment recommended on MSDS, read all directions and cautions prior to beginning your work.

GENERAL ODOR CONTROL: Eliminate odors caused by vomit, spoiled foods, waste receptacles, lockers rooms, carpet etc. Spray product directly on odors and allow the bacteria to ingest the material and the fragrance to dispel odors.

GREASE TRAPS: For traps less than 20 cubic feet, add 4-5 oz. (for larger traps use 8-10 oz.) of product daily, to a sink or pipeline closest to the trap. Do this at night or when the traps are used the least. After adding, flush down with a cup of lukewarm water.

DRAIN LINES: Use product a minimum of 2 times weekly, to a maximum of 4 times depending on usage of the building. Add 4 oz. of product for each 2 inches of pipe size.

Specifications

Available Sizes 12/32 oz.
Physical State Liquid
Color Opaque White
Fragrance Pleasant
Foaming Moderate
Free Rinsing N/A
Petroleum Distillates None
Viscosity Thin
Phosphates None
Specific Gravity 1.000
pH (undiluted) 7

What the Pros Know

In addition to its use in drains, this product can penetrate the surface of grout around urinals and toilets. This allows it to digest uric acid salts, providing a positive method of odor control.
