- Non-Staining .. Protects Facility Investment
- Works Instantly Labor Saving

Directions

Wear safety equipment recommended on MSDS, read all directions and cautions prior to beginning your work.

SPACE SPRAYING: For every 1,000 cubic feet of space, spray product undiluted for up to 10 seconds. If malodor persists, repeat this process. For large areas, use mechanical sprayer set to operate for up to 2 minutes per hour until malodors are gone,

SURFACE SPRAYING: For all contaminated surfaces, spray product liberally until wet. Surface may be wiped clean or left to air dry.
