High Gloss Floor Finish Acabado de Pisos de Alto Brillo

Technical Data

Description

This product is a high solid, versatile, all-in-one floor finish.

NO SEALER NEEDED! Dries to a bright gloss "wet look"! Can be walked on once dry. Various maintenance methods may be used: dry buffing, low speed spray buffing, high speed buffing, or NO maintenance at all-just mopping from time to time!

- Extremely Tough Film Improved Performance
- Provides Extended Service Life Labor Saving
- Excellent Leveling Easy to Use
- Dries Bright Labor Saving
- Multi-Speed Buffable Easy to Use

Specifications

Available Sizes 4/1 gal. Or 5 gal.
 Physical State Liquid
 Color Opaque, white
 Fragrance Characteristic
 Foaming N/A
 Free Rinsing N/A
 Petroleum Distillates None
 Viscosity Thin
 Specific Gravity 1.020
 pH (undiluted) 8.7

What the Pros Know

The single most important key to extending finish service life is to keep it clean. Frequent dust-mopping and damp mopping will remove the abrasive dirt particles, reducing the "grind" on your finished floors.

Directions

Wear safety equipment recommended on MSDS, read all directions and cautions prior to beginning your work.

APPLICATIONS: Strip all old wax and finish from floor. Rinse well using a stripper-neutralizer if necessary. Apply finish with a lambs wool applicator or rayon mop at the rate of 2,000 to 2,500 square feet per gallon. Apply 1 to 2 coats as a base coat allowing 20-30 minutes drying time. Multiple coats of finish may be applied until desired gloss.

RECOATING: Dust mop floor removing all loose soil. Wet mop or lightly scrub using a neutral cleaner. Apply finish as above using mop or applicator.
